

ST. JOSEPH'S SCHOOL, ABU DHABI

ENVIRONMENT POLICY (2026-2027)

We, at St. Joseph's School, Abu Dhabi are committed for 'Sustainable Development' by minimizing our potential impact on the environment.

Our policy therefore, is to:

1. Comply with all environmental laws, regulations and requirements relevant to our activities.
2. Continuously monitor and evaluate environmental performance to ensure efficient use of the available resources.
3. Implement a training programme for the staff to raise awareness of environmental issues and enlist their support in educating students about the local environment issues.
4. Create a 'clean and green consciousness' among students and the staff by planning and implementing environment friendly activities into the curriculum and celebrate important environmental days.
5. Maintain the green area of the school and use organic manure instead of chemical fertilizers.
6. Promote the efficient use of water and energy resources. Minimize waste by evaluating the usage. Encourage Zero Food waste.
7. Involve parents and local community to create a recycling- oriented society.
8. Encourage the concept of healthy diet among the students.
9. Help students in developing various personal skills such as communication, team work, critical thinking and problem solving. Make students more confident and creative.
10. Expand student's knowledge and understanding about the environmental concepts through active hands-on experience by organizing field trips.

(Sr. Suranjana)
