

# My Achievements

Achievements are milestones that mark our journey through life, shaping who we are and how we perceive the world.

## THE KICKSTART

It all begin when ,In kg2 when I won. for the Mars Spelling bee competition at the primary level

.It got even better when I got the proficiency in academics in grade 2.

During the online classes I had won various certificates for different events. This was a source of inspiration for me despite the difficult times.

## IN SCHOOL

In the past few years ,Me and my team have won second for marchpast in 2023,First for overall and for dance in 2023

— Talents Day and first for singing in 2024 Talents Day.

— In addition , One of my proudest achievements was receiving the academic proficiency in grade 8.

Hazwin Hakzer

10A

Through out the years ,I found out that Karate is my passion .I am a Black [2]Belt in Karate and has been practicing it for the past 6 years. I have mentored and coached the students due to the support of my master. I have won a gold and a silver for fighting and kata in 2019-2020 tournament In 21-22 , I have won the silver and bronze for kata and kumite. Last year , I was also able to level up and became Black 2.I am also a member of **UAE KARATE FEDERATION.**

I have also tried different art forms like dance .

In the past few years , I have done number of dance performances ,which not only made me more confident ,but also increased my flexibility. Singing is also something that I enjoy. I even got an opportunity to act as a mother , who had lost her kid as she was kidnapped by a lady. I had to express the pain and the love my mother, which was not easy.

Group song ,  
3rd prize

**These achievements have profoundly shaped my identity and aspirations. They have taught me that success is not just about personal gain; it is also about contributing to the greater good.**
