

# About My Books

I, Mithra Sree of class 7C have authored 3 books; AI - Here, There and Everywhere, Sestet Series - 1 and Birthday Enigma for the UAE Young Authors Fair and on behalf of our school, St. Joseph's.

AI - Here, There and Everywhere is about a little girl who is guided by AI which we can easily relate with ourselves.

Sestet Series - 1 is a collection of poems based on a single theme that is to treasure the footprints of wiped out species. This book has earned the title of Globally Published Book with a unique ISBN ( International Standard Book Number ).

Presently, this book is also featured on Global Platforms like Amazon, for sale.

Birthday Enigma is related with imagination or maybe even real which is still a topic of discussion.

Overall, I would like to thank the principal, literary department and my class teacher; Teacher Sonia for giving me the opportunity to participate in the Young Authors Fair.
